

Consent Form

Title of Study: Conformity Of Norms - Replication
Investigator: Felix Selenka,
Tjark Darius,
Nora Maleki,
Steffen Röber

INTRODUCTION

The purpose of this experiment is to help clarify how individuals will conform with certain norms and you are invited to participate in this online experiment.

DESCRIPTION OF PROCEDURES

You must be 18 years of age or older to participate. You will begin the online experiment if you click the "Begin The Experiment" button on this page to confirm your participation in this study. Your participation is completely voluntary and will last less than 3 minutes.

RISKS

The risks of responding to the questions is minimal, but if you experience distress during your participation you do not have to continue participation. Also, if you experience personal distress you can receive free counseling services at

- Psychosoziale Beratungsstelle des Studentenwerks Osnabrück
(+49 541 969-2580)

BENEFITS

If you decide to participate in this study, there will be no direct benefits to you. It is expected that the information gained in this study will benefit the scientific research community and the investigators for their final project work.

PARTICIPANT RIGHTS

Your participation in this study is completely voluntary and you may refuse to participate or leave the experiment at any time.

CONFIDENTIALITY

The personal information and all responses will be kept anonymous, and the code numbers provided by the researchers will not be linked to you in any way. All responses will be kept in an electronic database and will be destroyed at the completion of the study, a period not to exceed seven years. Only the researchers of this experiment will have access to the responses. If the results are published, your identity will remain confidential.

QUESTIONS OR PROBLEMS

You are encouraged to ask questions at any time during this study. Please direct questions to

- Tjark Darius
 - Email: tdarius@uos.de.
